

# DERMARIN L

Class 2 OTC drug

Athlete's Foot and  
Ringworm Remedies

Tinea pedis and tinea are diseases caused by ringworm fungus growing in horny layer of skin surface. When ringworm fungus invade keratin in horny layer of skin surface, inflammation and severe itching occur in skin surface. DERMARIN L contains active ingredients that kill ringworm fungus, and relieve uncomfortable symptoms of tinea pedis. Once-daily application achieves therapeutic effect.

## Indication

athlete's foot, jock itch, and ringworm

## Dosage and administration

Apply an appropriate dose onto the lesion once daily.

Comply with the prescribed dosage and administration instructions.

Clean the affected site and surrounding area before use.

Attention should be paid so that the medicine will not come into contact with eyes. In case the medicine comes into contact with eyes, immediately rinse them with water or lukewarm water, and immediately seek an ophthalmologist for medical treatment.

Use for children should be supervised by a parent.

The drug is for external use only.
