

ANTIMICROBIAL IRIS DISPOSABLE

Class 2 OTC drug
Antibacterial eye drops

◆ANTIMICROBIAL IRIS DISPOSABLE contains 4 active ingredients, inhibits the growth of bacteria that cause sty and conjunctivitis, relieves itching and inflammation, and alleviates the conditions of the eye damaged by inflammation. ■The preparation designed by unique technology enables the drug to stay on the eye surface for a long time.

Indication

Conjunctivitis (pink-eye), chalazia, blepharitis (running eye), itchy eyes

Dosage and administration

Instill 2 to 3 drops per dose 3 to 6 times daily.

Comply with the prescribed dosage and administration instructions.

When allowing children to use the medicine, a guardian must be present to watch and tell such them how to use it.

Do not touch the tip of the container with the eyelid or eyelash. Do not use the drug when the solution becomes turbid.

Do not use the drug when you are wearing soft contact lenses.

Use this only as an eye drop.

Do not forcibly tear it open. Be careful that the drug solution may be sprinkled if you open the drug forcibly.

This is a one-dose eye drop and does not contain any preservatives. Discard the remaining solution after use.

*Be careful that the drug solution stays in the eye and may blur your vision for a while after use.

ingredient and amount

Sulfamethoxazole 4.00%

Dipotassium Glycyrrhizinate 0.25%

ε-Aminocaproic acid 1.00%

Pyridoxine Hydrochloride (vitamin B6) 0.10%

Excipients

Gellan gum,Tromethamine ,Sodium citrate,Edetate sodium

Precautions relating to ingredient and amount

No need to worry if you taste bitterness or sweetness in the mouth when administering the drug. The bitterness is caused by sulfamethoxazole, which is an active ingredient, and the sweetness is caused by dipotassium glycyrrhizinate, which is an active ingredient.
