Eye fatigue, blurred vision (e.g. with excessive eye discharge), prevention of eye diseases (e.g. after swimming, dust and sweat in the eyes), and discomfort when wearing hard contact lenses

Usage/Dosage

Apply to eyes 3 to 6 times daily, 2 to 3 drops each time.

Note:

- (1) Strictly follow the prescribed usage and dosage.
- (2) If this medicine is being used by a child, ensure it is used under the guidance and supervision of a parent or guardian.
- (3) Do not let the tip of the container touch your eyelids or eyelashes. Do not use if the solution is cloudy.
- (4) Do not use while wearing soft contact lenses.
- (5) Use only for application in the eyes.

Ingredients

Ingredients	Amount	Action
Neostigmine methylsulfate	0.005%	Acts on the ciliary muscles that adjust eye focus, improving eye fatigue and blurred vision.
D-α-tocopherol acetate (natural vitamin E)	0.05%	Improves blood flow in peripheral blood vessels, promotes nutritional supply, and relieves eye strain.
Pyridoxine hydrochloride (vitamin B ₆)	0.1%	Activates weak eye tissue metabolism and relieves eye fatigue.
Taurine	1.0%	Promotes cell metabolism, nourishes the eyes, and relieves eye fatigue.
Potassium L-aspartate	1.0%	Activates weak eye tissue breathing and relieves eye fatigue.

Additives: L-menthol, borneol, chlorobutanol, benzalkonium chloride, citric acid, sodium citrate, boric acid, pH-adjusting agent, disodium edetate, polyoxyethylene hydrogenated castor oil, polysorbate 80, ethanol

Precautions for Storage and Handling

- (1) Ensure the cap is tightened securely and store the medicine in a cool place that is out of direct sunlight.
- (2) Store this product out of reach of children.
- (3) Do not transfer to another container. (This may result in misuse or a change in quality)
- (4) Do not share eye drops with anyone else.
- (5) Do not place eye drops in high-temperature locations, such as on the dashboard of your car. (The container may deform or the quality of the solution may deteriorate.)
- (6) Do not use this product beyond its expiration date. Use this medicine as soon as possible after opening, even if still within the expiration date. (In order to ensure quality.)
- (7) The ingredients may crystallize on the tip of the container or inside the cap depending on the storage conditions. In that case, please wipe away the crystals gently with clean gauze before use.

Precautions and Correct Technique for Eye Drop Application

Precautions

- Avoid contact between the tip of the container and your eyelids or eyelashes. Eye discharge or microorganisms may contaminate the solution or cause it to become cloudy.

Applying the Product Correctly

- Wash your hands thoroughly and avoid touching your eyes directly with your fingers.
- Look up slightly and pull your lower eyelid down with your fingers. Apply drops onto the inner side of your eyelid.
