

For eye fatigue and contact lens discomfort

IRIS CL-I PREMIUM MOISTURIZING CARE

Class 3 OTC drug

<Eye Drops>

- ◆ Artificial tears with properties similar to those of natural tears, providing moisture to eyes with dryness issues associated with inability to produce sufficient tears.
- ◆ Contains constituent minerals (potassium chloride and sodium chloride) found in natural tears and ingredients that prevent tear evaporation and retain moisture in the eyes (hypromellose), protect the corneal surface that has been damaged by dryness (chondroitin sulfate sodium), which promote metabolism in the eyes (potassium L-aspartate and taurine) to improve eye dryness and fatigue.
- ◆ May be dispensed directly into the eye while wearing any type of contact lens (disposable, soft, O2, and hard) or without contact lenses.
- ◆ Packaged in single-use clean packs (individual packaging) to ensure freshness each time a vial is opened.
- ◆ A viscous eye drop that is easy to use and free of preservatives (benzalkonium chloride and parabens) and cooling agents (menthol).

Precautions for Use

Things To Consult On

- 1 The following individuals should consult with their doctor, pharmacist, or a registered seller before using this medicine.**

- (1) Persons receiving treatment from a doctor.
- (2) Persons with a history of allergic reactions caused by medicines, etc.
- (3) Persons with the following symptom:
Intense eye pain
- (4) Persons who have received any of the following diagnoses:
Glaucoma

- 2 If any of the following symptoms appear after you have used this medicine, you may be experiencing side effects. Discontinue use immediately and consult with your doctor, pharmacist or registered seller, bringing a copy of this instruction sheet with you.**

Relevant Area	Symptoms
Skin	Rash, redness, itching
Eyes	Red eye, itching, swelling

- 3 In case of the following, discontinue use and consult with your doctor, pharmacist, or registered seller, bringing a copy of this instruction sheet with you.**

- (1) Your blurred vision does not improve.
- (2) Your symptoms do not improve after using the product for about 2 weeks.

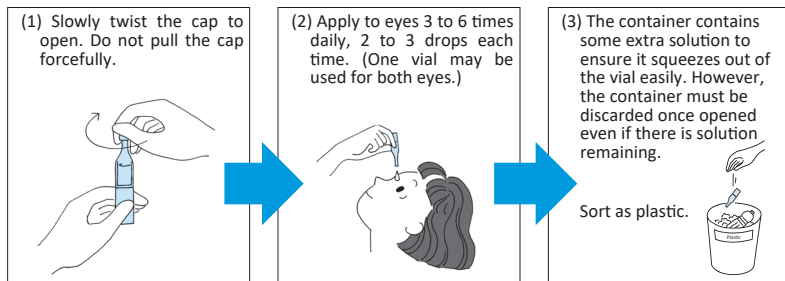

Efficacy

Discomfort when wearing hard or soft contact lenses, support for natural tears (eye dryness), eye fatigue, itchy eyes (e.g. due to excessive eye discharge)

Usage/Dosage

Apply to eyes 3 to 6 times daily, 2 to 3 drops each time.

[How to Use]

Note:

- (1) Strictly follow the prescribed usage and dosage.
- (2) If this medicine is being used by a child, ensure it is used under the guidance and supervision of a parent or guardian.
- (3) Do not let the tip of the container touch your eyelids or eyelashes. Do not use if the solution is cloudy.
- (4) Use only for application in the eyes.
- (5) Do not open by pulling forcefully. Avoid using excessive force when opening the vial. This may cause the solution to spatter.
- (6) IRIS CL-I PREMIUM MOISTURIZING CARE is a single-use ophthalmic solution and contains no preservatives. Discard any remaining solution after use.

Be careful not to injure your eyes with the tip of the container.

Components

Component	Amount	Action
Hypromellose	0.25%	Prevents tear evaporation and retains moisture in the eyes.
Chondroitin sulfate sodium	0.5%	Tear-retaining effect to protect the surface of the cornea.
Potassium L-aspartate	0.5%	Promotes metabolism in the eyes.
Taurine	0.5%	
Potassium chloride	0.103%	Components of natural tears that replenish minerals.
Sodium chloride	0.51%	

Additives: Sodium bicarbonate, pH-adjusting agent

Precautions for Storage and Handling

- (1) Store the product in a cool place that is out of direct sunlight.
- (2) Store this product out of reach of children.
- (3) Do not transfer to another container. (This may result in misuse or a change in quality.)
- (4) Do not share eye drops with anyone else.
- (5) Do not place eye drops in high-temperature locations, such as on the dashboard of your car. (The container may deform or the quality of the solution may deteriorate.)
- (6) Avoid putting the product in the back pocket of your pants or other such places, as the cap may open.
- (7) Do not use this product beyond its expiration date. Use this medicine as soon as possible after opening, even if still within the expiration date. (In order to ensure quality.)
