

TOKUHON DASH AERO

- Six active ingredients effectively relieve pain.
- The drug solution is sprayed efficiently on the affected site without spreading out.
- The mild scent suits any scenes and occasions. The powder-contained spray gives a smooth feel.

Indication

Muscular fatigue, muscular pain, joint pain, contusions, sprains, lumbago, stiff shoulders, and frostbite

Dosage and administration

Spray an appropriate dose on the lesion several times daily.

Precaution

- The use of the drug for children should be supervised by a parent. Children under 7 years old should not use this drug because it may cause tingling sensations.
- Do not spray onto the face.
- If the drug comes into contact with the eyes, immediately rinse with cold or lukewarm water. If the symptoms are severe, seek medical attention from an ophthalmologist.
- Do not use a large quantity of the drug or cover an extensive area.
- This drug is only for external use. Do not inhale it. Inhalation may cause symptoms such as dizziness and nausea. Use this drug carefully, avoid inhalation, and pay attention to people around you.
- Considering that the drug contains powder, shake well before use.
- To prevent possible frostbite, spray the drug on the affected site from a distance of at least 10 cm. Do not spray to the same site for more than 3 seconds continuously.
